

Dear Parents,

Welcome to Joshua Christian Academy Nursery and Preschool. We are so happy that you have chosen our school. We are excited about the opportunity to instruct your child during these early developmental stages of learning and exploring.

We know that early childhood education is very important in constructing a strong foundation for the preparation of formal education. At Joshua Christian Academy Nursery and Preschool we believe that learning is a developmental process that provides each child the guided opportunity to explore their environment as they learn more about themselves and the world in which they live.

Your child will be instructed in a warm, friendly environment conducive to their learning, therefore promoting positive growth and development. The staff and I take pride in helping your children grow academically, socially, physically, emotionally, and spiritually. We want their experience here at Joshua Christian Academy to be a fun learning experience as they grow and develop their individual skills, attitude, and understanding. We are committed to providing a variety of teaching approaches to assist each student's growth in his or her own unique way.

It is our belief that your child's successful growth and development at Joshua Christian Academy involves parents, students, and staff working closely together toward common goals. The staff and I seek your assistance and support in providing many positive growth experiences for your children.

This handbook will help you learn more about the school's policies and procedures. Please take time to carefully read this book and refer to it often. You help us a great deal when you know our policies and procedures. Thank you for sharing your child(ren) with us and investing in their bright future.

Committed to God, Children and Education
Lisa Harris, Executive Director
